Working 24/7 For YOU

You may not realize it, but Omni International has employees working around the clock for you.

Of course we have our staff in our corporate office in Bedford, New Hampshire. Additionally, we have sales people in the field (no, not the cornfield!).

Omni also operates two distribution centers to better serve you. Our eastern distribution center is in Chambersburg, PA while we have consolidated our western distribution centers into a larger, more strategic facility in Kent, WA.

And while we sleep in the Western Hemisphere, our manufacturing partners in China, Malaysia, and Thailand are hard at work producing the products your customers will be using 60 to 90 days down the road.

It's not good enough for Omni to simply visit these plants a few times every year. An Omni International employee, who lives in Thailand, regularly visits the manufacturing facilities in the Eastern Hemisphere. This "on-site" consistent overseeing is one way Omni International monitors daily production and permits us to have continual communication with all facilities.

Omni truly is an "international" company, and as we said, working for you twenty-four hours a day around the world.

Thanks in Many Ways

Over the years, Omni has enjoyed working with our growing international **distribution** partners. The relationship we enjoy with many of you has blossomed into strong partnerships.

We appreciate your assistance in:

- Sales Projections
- Adjustments in your glove requirements
- Marketing OmniTrust Gloves to the end-users
- Working cooperatively with our staff and management
- Allowing us to be a partner with you -along with your many other positive attributes—it's easy to see why Omni and YOU are such a strong force in the industries we service.

Omni International LLC is committed to maintain and grow great working relationships with our distribution network. It seems as though every day, we pick up yet another great customer to add to our Omni Family.

We know it takes a special distributor to sell gloves. They are heavy, one of the most used commodities, and can be margin challenging at best. We truly appreciate the extra mile you go to "market" our gloves. It's your way of telling us that Omni makes a great product. Providing you with the best quality is our way of saying thanks, to you, our esteemed distributors and customers.

May the blessings of the season be with you and your families as we wish you a very Happy Thanksgiving.
