Glove Selection Expands

Thanks to you and your interest, Omni is already expanding our fast growing AMS Anti-Microbial Glove offering. Many of you are already selling our 351/352 series gloves into the restaurant, food service, supermarket and school health sectors. Once again, thanks to you, product is flying out of our two distribution centers.

Our new AMS Glove is packaged for the commercial housekeeping, utility, as well as retail trades. The package available for general distribution will be multi-color and, of course, utilize our exclusive AMS anti-microbial technology. This packaging is being manufactured now and will start arriving in mid January.

If you have had customers who LOVE the new AMS glove, but would prefer not to have it in the "Tomato" box (as shown above top right), you will now have it in a more generic box. We must admit, it has been interesting to see our now famous "tomato" box on house-keeping carts at hotels that use Omni Gloves. We created this "new" design for them!

Keep in mind this is the exact same glove, just a different box and a new SKU. The powdered are in the 341 se-

ries while the powder free are the 342 series. A product bulletin will be available from your sales representative and will also be available on our web site when the gloves arrive. This is a great time to prep those customers who are looking for the same great glove in a new generic package.

Please note we are only accepting container orders for this glove at this time. LTL orders from our Distribution Centers can be placed in early February.

A World of Thanks Happy Thanksgiving!

It seems like only a few months ago, we were all celebrating New Years Eve. Here we are a little over a week from Thanksgiving and the 2010 Holiday Season is upon us...in a flash.

We really appreciate the growth you have afforded us at Omni International in 2010. It's not just the purchases you have made this year, but also the commitments and far reaching purchase orders for 2011 and 2012 delivery that will continue our growth. Thanks to you, Omni is exceeding our goals. And we have more new products just around the corner.

From all the Omni employees located throughout the USA, we send a warm and heartfelt Thank You. May your Thanksgiving Holiday be rewarding and a blessed renewal with family and friends of the goals we all strive for in our daily lives.
